Summary

Mounts to hold Milwaukee M12 tools in the battery location. Extended version for mounting M12 radio.

Organize your M12 Milwaukee tools with these mounts. Extended version for radio, but could be used with other tools if you need them sticking further off the wall. Printed in PLA, I like to use 3 walls and 20% cubic infill but they are strong enough with less walls and infill as well. Holes for mounting take #8 wood screws.
